

FOR RELEASE MONTH XX, 2023 9 AM US EASTERN

## **MTL, Inc. Partners with 3E Exchange to Manage Supply Chain Data, Ensure Sustainability Compliance, and Move Toward a Cleaner, Safer, and Healthier Environment.**

3E Exchange is trusted by over 5,000 users to help solve supply chain data reporting challenges faster than any other system.

### **Future-Proofing Digital Supply Chain Data Infrastructure**

Manufacturers are continuing to navigate new challenges around environmental and health risks going into 2024. As consumers increasingly demand safer and more sustainable products, manufacturers are expected to continue to look for solutions to help drive down costs and evaluate future risk across their supply chains. 3E Exchange provides the digital supply chain infrastructure to enable companies to deliver on the circular economy of tomorrow.

“MTL is pleased and grateful to collaborate with 3E to fulfill our Goals and Objectives to provide Premier Textiles ‘Made in America’ that are Safe and Healthy for our Customers and End Users. We are confident that the 3E Exchange Platform will guide MTL through Product Certification and Compliance to achieve our commitment for Transparency, Sustainability, and Environmental Safeguards.”

### **Safe & Sustainable Starts with Knowing Your Supply Chain**

As regulations continue to evolve globally, 3E Exchange enables global manufacturers to improve product sustainability, circularity and regulatory efforts. 3E Exchange enhances communication between manufacturers & suppliers to improve response rates, promote data quality, protect IP, and automate supply chain management, leading to more efficient data management and streamlined sustainability reporting.

“We are really happy to see how manufacturers across industries are leveraging our powerful technology to take steps towards making their products safer and more sustainable. Our objective is to continue to improve these capabilities for supply chains and our momentum is only increasing -- this shows industry is ready for real change,” said Pete Girard, managing director of supply chain and sustainability at 3E.
